

GEN. "DAN" SICKLES FIGHTING HARD TO SAVE RELICS FROM SHERIFF

**Noted Warrior Gets a Stay
and Insists They Will Not
Be Sold.**

Whether the furniture, bric-a-brac, personal property and treasures of Gen. Daniel E. Sickles at No. 23 Fifth Avenue, the famous war veteran, will be auctioned by the Sheriff at once to satisfy a judgment for \$5,000 obtained by the Lincoln Trust Company depends on the ruling of Supreme Court Justice Newburger today. Gen. Sickles is ninety years old.

Sheriff Harburger proposed to conduct the public sale this morning, but he has been served with an order directing him to show why the General should not be given time to place his possessions in lots and dispose of them more advantageously. The order was obtained from Supreme Court Justice Delaney on a petition stating that the collection represented years of effort and would bring nothing like the value if offered at a forced sale.

"I have done everything I could," says Sheriff Harburger, "to make things easy for the General. There have been several adjournments of the sale, but the law is a cold-blooded proposition, and I must obey the orders of the court whatever they may be."

It is not generally known that Gen. Sickles is an ex-Sheriff, having held that office for over twenty years about twenty years ago. It is said that the property is unencumbered, the General having been unable to put a mortgage on it because his wife would not sign the papers. Gen. Sickles declines to be seen, but sends word that there is "no truth in the statement that his property is to be sold at public auction."

GIRL KILLED BY ERIC TRAIN.

Big Crowd of Commuters See Accidents at Rutherford.

Miss Lucy Schmidt was run down and instantly killed last evening by an express train as she was crossing the Erie Railroad tracks at Rutherford, N. J. She had just alighted from a local train.

The accident was witnessed by a large crowd of commuters, several of

whom narrowly missed the girl's fate. The Eric crossing at Rutherford is said to be the most dangerous on the main line of the Erie Railroad. Some weeks ago the residents of Rutherford complained to the Public Utilities Commission, asking that the tracks either be bridged or the grade crossing done away with.

Miss Schmidt, who was eighteen, years old and lived with her parents at No. 103 Jefferson street, Carlstadt, a suburb of Rutherford, was a stenographer in the office of E. G. Duval at No. 277 Broadway, New York.

RUSSIAN CREWS MUTINY AND BOMBARD FORTS.

LONDON, Sept. 5.—A private telegram from Sebastopol reports a mutiny of the crews of the Black Sea squadron, according to the Constantinople correspondent of the Chronicle.

The warships bombarded the forts, which replied vigorously and sunk one of the attacking vessels. The heavy fire continued as the despatch left. It is stated that one cruiser escaped and reached Burgas, Bulgaria.

Health and Beauty Hints

By MRS. MAE MARTIN

Sister: It is right that you never use your "beauty parlor" should object to the soap made from animal oil. You are getting as much as this your dress is continually soaping in the wash and you feel the constant strain will prove too much for the buttons. If you want to cut down your flesh without starving yourself or without cutting and pulling, shave the hair as usual. Castor makes the most satisfactory soap imaginable and leaves no bad effects. It bathes the skin well and most thoroughly. I have found it very effective in removing freckles and leaves the hair bright and shiny. It will not cause freckles, streaks or discolored hair as soap and most shampoos are likely to do.

Mrs. L. G.: It is not necessary that your hair reflect your age. You could easily have a smoother, sleeker, smoother and more youthful complexion if you were using powder and tried a good lotion. Dissolve a spoonful of castor oil in half-pint hot water or wash hand and face with two teaspoonfuls of vinegar. Apply this to your face, neck and arms. And it will improve your looks wonderfully. It will soften and strengthen the hair. It will remove the "hopeless" case of dandruff and falling hair that found this an ideal tonic.

Weak Eyes: Wearing glasses is not likely to help you weak, dull, infamed eyes. What you need is a good strengthening ointment. Next time you go to a druggist get an ounce of ointment and dissolve it in a pint of water. Drop a few drops of this in each eye occasionally. This will give you a clear sight and will keep your skin smooth. It is free from oil and makes a fine dressing for the hair. I know of many who were troubled with "hopeless" cases of dandruff and falling hair that found this an ideal tonic.

Madge: For your hollow cheeks and wrinkled face, I recommend frequent applications of a good greasy complexion cream; also, skin managing. By stirring together one ounce almond, two teaspoonfuls glycerine and one-half pint cold water, allowing to stand over night, you will have an extra good complexion cream. Use this twice a week and it will bring up your skin from underneath. From the pores and soon you will find your complexion smooth, fresh-looking and unwarmed. This is an excellent cream for treating blackheads, freckles and roughness of the skin and will rid your face of those very large pores.

Mrs. B.: Applying a delicate paste to the surface of the face or for minutes will make every trace of blemish from your skin. To prepare, mix enough powdered, dissolved and water to cover the skin that is not wanted. After it is removed the skin should be washed carefully. This method is safe and is not injurious to the most sensitive skin.

B. D.: Your eyelashes will grow long and have a silkier feel if you apply protein at least once every day. Dissolve a spoonful of strong brew in the eye and gently apply by rubbing protein on with finger-nail. Be very careful and don't get protein where no hair is wanted.

Read Mrs. Martin's book, "Beauty," \$5—Ad.

R. K.: I would advise you to seek health first, before beauty. You are sick, but that you feel tired always, because you have made bladders and sinuses. Get from your druggist one ounce of karsene, dissolve it in one-half pint of alcohol (not whisky), and add half cupful of sugar, then enough hot water to make a syrup. Take a tablespoonful before each meal, and this should tone up your system and build up your strength. As direction: squeeze a torn liver and pour the blood. When your blood is pure, your gallstones and pimples will disappear and you will have more strength and energy.
